## Oculo-Prosthetic Lab

At Art Eyes, we understand each Kid is special and they need special attention and extra care. We are providing separate time and session for our Kid patients to get their artificial eye or we say **Art Eye** in their comfortable environment and to make it a fun process for them.

We recognize that our pediatric patients are going to have a life long relationship with their Ocularist. So for us, maintaining these relationships is a vital part of our practice.

Before

After

Every Thursday 11:00am to 5:00pm
